

RFO REPORT FOR APM 2012

The Responsible Finance Officer of the Parish Council, Jean Potter, reported that the balance of accounts as at 31 March 2012 stands at a total of £8,596.22 including earmarked reserves amounting to £5,550.

Last year the precept was increased to £10,800 and I am glad to report that it will remain the same for 2012/13.

As in the previous year, reports on monthly expenditure against budget, have been published on the PC web site for your information. Some budget lines are overspent and others under spent, but the Parish Council has remained within budget overall.

A provisional summary is available for you to see and a notice will be displayed on notice boards and the web site when the accounts have been formally approved by the Parish Council and available for inspection.

The full budget for 2012/13 will be displayed on the Parish Council Web Site shortly and will again be updated monthly.
